

## GREEN INFRASTRUCTURE PERMEABLE ALLEYS DC CLEAN RIVERS PROJECT CONSTRUCTION IN YOUR AREA

### NOTICE OF PLANNED WORK

As part of the DC Water Clean Rivers Project, permeable pavement is being installed on alleys. The Clean Rivers Project is DC Water's massive infrastructure project to significantly reduce combined sewer overflows (CSOs), a mixture of sewage and stormwater, to Rock Creek and the Anacostia and Potomac Rivers. It includes a system of tunnels and green infrastructure (GI). GI includes practices that capture stormwater runoff such as bioretention, permeable pavement, and rain barrels.

### CONSTRUCTION SCHEDULE

DC Water's contractor, Fort Myer Construction, is expected to begin work on or about the week of **March 2, 2026**. Construction is estimated to take 9 weeks, weather permitting. (See map on back for work area and additional restrictions for parking, pedestrian, and vehicular access.)

**WHAT:** Alley Permeable Pavement Installation on portion of Alley between Montague St NW and Nicholson St NW (between 16th St NW 14<sup>th</sup> St NW)

**WHEN:** Monday - Friday with some work possible on Saturdays (no work on Federal holidays)

**WORK HOURS:** 7 a.m. – 7 p.m.

**PROJECT HOTLINE:** 800-766-9158. Use Site Code: APP 27-01 A&B

### IMPORTANT INFORMATION

**IMPACTS:** Alley closures will be required (see map).

- Expect detours, parking restrictions, and restricted access within the work area.
- Residents will be notified 72 hours prior to alley closures.
- Pedestrian and vehicular detours periodically along Montague St NW and some parking restrictions for the duration of construction. Call the project hotline for questions or accessibility needs.

**TRASH/RECYCLING COLLECTION:** If your alley is closed, trash recycling that normally occurs from the alley will be collected from the front of your property.

- Please place trash/recycling bins in front of your home beyond the sidewalk for collection for the entire construction duration.
- If you need assistance moving bins, please call the project's dedicated phone line (800-766-9158).

Thank you for your patience during this important DC Water construction project!

## Alley Permeable Pavement

- Construction on Alley between Montague St NW and Nicholson St NW (between 16th St NW 14<sup>th</sup> St NW)
- Portion of alley (shown in yellow) will be closed and pedestrian and vehicle access restricted in the work area.
- No access to back of homes from the alley.
- Place trash/recycling bins in front of home for pick-up during construction closure. (See full instructions on front page).
- Periodic pedestrian, vehicular, and parking restrictions on Montague St NW (shown in red) Some parking restrictions will be for the duration of construction.
- Pedestrian and vehicular access will be restricted within the work area.
